

RP-600

UHF FM VOICE PAGER

**430-450 MHz UHF FM PMR/LPD
PROGRAMMABLE VOICE PAGER
EXTERNAL EARSET OR
BUILT-IN SPEAKER OPERATION**

Compact and light weight UHF FM voice pager, with advanced hardware and software design. It can be used with any PMR or LPD transmitter. User friendly design for tour operators and tourists guided tours, it is also suitable for conferences and meetings and as a voice pager for safety purposes, motorcycle driving schools, restaurants, hotels, resorts, hospitals, offices, stores, warehouses, etc. Convenient necklace or belt clip. Messages may be heard from the supplied earset or from the built-in speaker. Pager is fully operator programmable (channel, CTCSS tone, voice only, voice or vibration alert, etc.). In the User Mode, user can only operate the ON/OFF key and the volume controls, in order that no wrong commands are entered. Backlighted LCD display shows all functions in the Program Mode while only the volume and battery levels are displayed in User Mode. 129 channels selectable. 2 x AA rechargeable or alkaline battery powered. Battery charging with single wall charger or with desk type multiple chargers. Complete with necklace, belt clip and earset. See back page for specifications and list of optional accessories.
